

2010 Uplands QDMA Educational and Fundraising Event

Due to the status of today's economy, the Uplands Branch has decided to change gears in regards to our annual fundraising banquet. To dramatically reduce our risk and expenses by predicting the banquet head count and committing to the number of meals, we've decided to go away from the typical sit down dinner style banquet. This venue will also allow us to keep the ticket price at a minimum. With the extra time we gain from not having a sit down dinner, we have more time to share the latest information on deer management and food plots. We feel that this will be a win-win for our members and the branch. We hope that you and your hunting buddies will strongly consider supporting our local chapter's primary fundraiser for the year.
